Motion

To approve the proposed “Sport on the Move Travel Program”

CARRIED

Sport on the Move Travel Program

About the Program:

The Ministry of Community, Sport and Cultural Development has established the “Sport on the Move” program which provides funding to help athletes train and compete in clinics and events across the province. Funding has been provided by the ministry’s sport budget and the 2010 Sport and Arts Legacy, established to build on the momentum of B.C.’s successful hosting of the 2010 Olympic and Paralympic Winter Games.

The Judo BC Athlete Member “Sport on the Move” Travel Grant process helps offset travel costs for athletes (18 years and under) that are members of Provincial Sport Organization meeting a travel eligibility criteria. The program will allow successful applicants taking part in prioritized programming with an opportunity to recoup specific out of pocket travel expenditures or a portion thereof. These principles guide the distribution of the “Sport on the Move” Travel Grant resources.

Given that allocated funding levels will not be able to support all travel needs, Judo BC identifies specific competition and/or training opportunities in which their athlete members can access travel assistance funding. Depending on funding levels, competition and training structures and travel needs, Judo BC will determine how funding is distributed based on annual priorities. Examples of these priorities would include but are not limited to Provincial Team and preparation for Canada or Western Canada Games.
